rainbow tubelite and supertube

A revolutionary product that will brighten up any area

The **Rainbow Tubelite and Supertube** is a maintenance-free, leak-proof and dust-proof, top quality product. It has been specially designed to provide a highly efficient cost-effective and quick installation product, designed to withstand harsh weather conditions – it is UV-resistant and hail-resistant.

Advantages of the Rainbow Tubelite and Supertube

- Cost and hassle reduced due to easy and quick installation
- No roof structural change needed
- The silver coating inside the tube intensifies and transmits light, even with a long and bent tube
- Can be installed in awkward places
- Available in kit form or DIY with step-by-step manual instructions
- Leak-proof and maintenance-free
- Light performance: Up to 9m² (Tubelite) – 12m² (Supertube)

rainbow tubelite and supertube

Specifications

A complete kit comprises the following:

- **Skylight:** 5mm clear Perspex dome fitted on a reinforced fibreglass flashing tray

- **Types of flashing**

- A. Undertile:** for any type of tiled, slate, shingle or thatch roof

- B. IBR roof:** for IBR profiled metal roof

- C. Corrugated iron:** for corrugated iron roof

- **Diffuser:** clear prismatic acrylic diffuser; overall diameter 430Ømm, together with white powder-coated aluminium T-ring

- **Tube**

- A. Tubelite:** made of silver-coated fibreglass fabric, reinforced with metal wire coiled around it. Its unique design and silver coating allow a strong light transmission, even in a long and bent application.

- Standard size:** 450mm diameter

- 1 x 2000mm flexitube (extra tube available on request)

- B. Supertube:** supershine reflector aluminium sheets (the same type used in light fitting reflectors), fabricated to form the tube shape required.

- Standard size:** 450mm diameter

- 2 x 600mm straight tube

- 1 x 375mm L-bow bend (extra tube available on request)

- **Packaging**

- A. Tubelite:**

- 1 box — 830 x 960 x 180mm

- B. Supertube:**

- 2 boxes — 830 x 960 x 180mm;

- 450 x 450 x 700mm
